

## **TMS Inc. presents the Orchid Award Luncheon**

The Orchid Award program was initially presented in 1988 by the Advance Tomahawk Foundation. When the foundation dissolved, the program continued for a time under the sponsorship of the Tomahawk Regional Chamber of commerce. Understanding the recognition of individuals and businesses for contributions to area beautification is a worthwhile endeavor, Tomahawk Main Street Inc. is now reviving and sponsoring the effort in order to help build pride in our community and encourage others to pursue similar improvements.
